

# Tuesday, April 21 @ 10am-11am PST Free Webinar

## “July 1st Storm Water TMDL Deadline: Compliance, Fines, and TSO Extensions”

**ABOUT:** New requirements for California’s storm water Industrial General Permit (IGP) take effect July 1, 2020. This webinar will cover Total Maximum Daily Loads (TMDL) applicability, Mandatory Minimum Penalties (MMP), and options for a Time Scheduled Order (TSO).

**All metal companies in California are subject to the storm water IGP.** Depending on your proximity to an impaired water body, you may also be subject to TMDLs. This webinar will feature California storm water experts with experience in the metals sector (SIC 33xx, 34xx and 5193). Sign up today!

**HOSTS:** California Metals Coalition (CMC), Metals Industry Storm Water Group (MISWG), and Keramida.

**TSO:** The Time Scheduled Order (TSO) must be submitted well in advance of July 1, 2020, and can extend the TMDL compliance date up to 5 years.

**TMDL Examples:** Listed in Attachment E, Table E-2 of the IGP, here are some examples of TMDLs that will impact metal companies: Los Angeles River, Los Cerritos Channel, San Diego Creek and Newport Bay, Rio Hondo River and Compton Creek.

### **WEBINAR TOPICS:**

- 2018 Amended Industrial General Permit Overview
  - TMDL Applicability
  - Consequences of Exceedance
  - Time Schedule Orders (TSOs)

**REGISTRATION:** <http://www.metalscoalition.com/webinars-and-seminars.html>

The webinar is free, but **advanced registration is strongly encouraged**. Due to the large volume of attendees, we will not be providing tech support on the day of the webinar.
